Sir,

RESPONSE

In response to the Office Communication concerning this application dated November 29, 2007 regarding the Summary of the Interview of 28 November 2007, applicant submits hereby a REQUEST FOR RECONSIDERATION of the Examiner's final rejection of November 01, 2007.

The Substance of the Interview stated here is that the applicant's representative has contacted the Examiner and expressed the opinion that the final rejection was premature.

The Examiner agreed that the Final Rejection mailed November 01, 2007 failed to properly address the newly added step of "locating existing cavities in a wall system of a building". The Examiner will vacate the previous Office Action upon receipt of the Request for Reconsideration and issue a new Office Action. The Examiner further noted that the Office Action may be final.
